* Only the date of filing (§ 1.6) will be the date used in a patent term adjustment calculation, although the date on any certificate of mailing or transmission under § 1.8 continues to be taken into account in determining timeliness. and Power of Attorney by the Inventor included in the reissue application contained the declaration by the inventor that there was no assignee for this application. Mr. Haywood stated that we needed to simply file a statement to that effect in response to the Notice. Enclosed herewith for reference is a copy of the Reissue Application Declaration and Power of Attorney filed October 25, 2001 wherein that statement is contained; and we reaffirm the fact that since there were no assignments in this patent, there was no need to file a statement by an assignee under 37 CFR 3.73(b) and that the declaration by the inventor that the patent had not been assigned was sufficient.

III. SMALL ENTITY STATUS

An assertion that this filing is by a small entity was made by paying the basic filing fee as a small entity.

IV. COMPLETION FEES

No surcharge fee is deemed necessary based on the above comments.

V. EXTENSION OF TIME

The proceedings herein are for a patent application and the provisions of 37 C.F.R. § 1.136 apply.

Applicant believes that no extension of term is required. However, this conditional petition is being made to provide for the possibility that applicant has inadvertently overlooked the need for a petition for extension of time.

The Office is hereby authorized to charge the following additional fees that may be required by this paper and during the pendency of this application to Account No. 06-0540.
